

Supernova Love

IVE, David Guetta

Chorus 1

I need that kind of love
A supernova glowin' the dark
Forever I wished upon a star
Then you came over
Occupied my heart, occupied my heart

Verse 1:

Feel my emotion, soul to heart,
Gimme every little bit of your love
Don't you hold back on me, go all in
I've been waiting for this moment too long

Pre-Chorus 1:

One taste and I'm fallin' deep
Caught up in your energy
Never let me go, oh, babe

Chorus 2

I need that kind of love
A supernova glowin' the dark
Forever I wished upon a star
Then you came over
Occupied my heart, occupied my heart

La-di-da-di-da, la-di-da-di-da
La-di-da-di-da, di-la-di-da,
La-di-da-di-da, la-di-da-di-da
La-di-da-di-da, la-di-da-di-da

Verse 2:

Got me how you want me, lose or win
Giving every little bit of my trust
Take me to the stars on paper wings
And we'll fly until we reach the sun

Pre-Chorus 2:

One kiss and I'm in a dream
I'm lost in your melody
Oh, it feels like heaven when you take it slow
One taste and I'm fallin' deep
Caught up in your energy
Never let me go, oh, babe

Chorus 3

I need that kind of love
A supernova glowin' the dark
Forever I wished upon a star
Then you came over
Occupied my heart, occupied my heart

Bridge:

Every time I look in your eyes
I see a million stars collide
It's only you that I see in the sky
When I pray to the heavens at night, you the light
Supernova love, never give it up in your heart
Give me that love, give me that heart, yeah
Through the dark, you the light, you the love
You're the super, super, supernova love

Give me your love, give me the stars
Baby, come occupy my heart
Give your love, give me the stars
Baby, come occupy my heart, oh, babe

Chorus 4:

I need that kind of love
A supernova glowin' the dark
Forever I wished upon a star
Then you came over
Occupied my heart, occupied my heart

Outro:

La-la-la-la-la-la, la-la-la-la-la-la
La-la-la-la-la-la, la-la, supernova
La-la-la-la-la-la, la-la-la-la-la-la
La-la-la-la-la-la, la-la, supernova
